

### **Gomer**

Gomer sleeps in the same cube as I do at Unit 26. He has a collection of naked pictures of women which he keeps in a folder. I cannot remember the sequence of events, but one day I gave him the Bible references from Jeremiah 29:11, (“I know the plans I have for you...”). I also gave him Isaiah 4:1, (“In that day, seven women will take hold of one man...”)

When I started doing my witnessing assignment in the zone, Gomer overheard some of the conversations.

Gomer told me that he has accepted Jesus as his Lord and personal Savior. I asked him if he were satisfied with his current faith walk. He said that he knows he can do better.

I recommended to him that he get a Daily Bread devotional booklet and read it for fifteen minutes ever day. I told him that it helpful not only to read the one-page meditation, but also to read the Scripture citations.

He asked me if he could have a cup of coffee.

While I was giving him the coffee, I told him that we would continue our conversation over the course of time.
